Agenda

- Welcome

- Change Request Process

- Request for Review

- Wrap Up

Linaro

Open-CMSIS-Pack Decision Committee

Draft - no objections received -> update status to "agreed"

Organization	Representative
Linaro	Bill Fletcher
STMicroelectronics	Eric Finco
NXP	Kyle Dando
Arm	Joachim Krech

Action: Bill to call first committee meeting before next week's meeting

Updated Change Board Open-CMSIS-Pack Pack Specification

Change Board Open-CMSIS-Pack Project Manager Specification

Request for review:

- [csolution] Dependencies between contexts [#332](#)
    - csolution.yml shall contain related projects
- [projmgr] Proposal to make csolution.yml mandatory [#334](#)
    - NO FURTHER COMMENTS RECEIVED -> accepted
    - [projmgr] New [#348](#) review documentation, schema and tools in light of #334
- [csolution] support debug configuration data [#335](#)
    - Can we aim to "extract" commonality and manage diversity
- [pack] add board specific memory in board support [#124](#)

Wrap Up

- Proposal to move meeting invite from 'Google Meet' to 'Zoom'
    - Would that work for everyone?
    - **Action** for Bill and Holt to ensure that Zoom works for NXP and then send out an updated invite

- **Action** all:
    - Your feedback on the proposals as well as the questions raised are essential

- Next Open-CMSIS-Pack meeting: 31st May 2022 @ 16:00 CET (15:00 UK)

Thank you
